

13-MAJITHA CONSTITUENCY

Executive Electoral Intelligence & Strategic Operations Report
2022 Vidhan Sabha Election vs 2024 Lok Sabha Polling (Amritsar PC)

1. Executive Summary & Macro Political Trajectory

A rigorous, booth-by-booth comparative audit of all polling stations in 13-Majitha demonstrates a seismic structural shift across this historical Panthic stronghold between 2022 and 2024:

- **Akali Dal Bastion Under Pressure:** Shiromani Akali Dal's candidate Anil Joshi secured 40,981 votes (39.48%), leading in 129 booths. However, this represents a sharp drop of 15,858 votes (-7.29% swing) compared to Ganieve Kaur Majithia's 56,839 votes (46.77%) and 185 booth wins in 2022.
- **AAP Substantial Inroads (+22 Booth Surge):** Aam Aadmi Party's Kuldeep Singh Dhaliwal captured 28,530 votes (27.49%), expanding AAP's booth wins from 17 booths in 2022 to 39 booths in 2024—a net gain of +22 booths across rural Majitha.
- **BJP Urban Breakthrough:** BJP expanded dramatically from 1,625 votes (1.34%) in 2022 to 8,056 votes (7.76%) under Taranjit Singh Sandhu Samundri, winning 10 urban/semi-urban booths directly from the Akali Dal.
- **INC Contraction:** Congress candidate Gurjeet Singh Aujla polled 16,505 votes (15.90%), down by -9,411 votes (-5.42% swing) from 2022 (25,916 votes, 21.32%), winning 9 booths.

2. Official Party Performance & Leadership Attribution (2022 vs 2024)

Party	2022 Candidate	2022 Votes	2022 %	2024 Candidate	2024 Votes	2024 %	Swing %	2024 Wins
SAD	Ganieve Kaur Majithia	56,839	46.77%	Anil Joshi	40,981	39.48%	-7.28%	129
AAP	Sukhjinder Raj Singh Lalli	30,683	25.25%	Kuldeep Singh Dhaliwal	28,530	27.49%	+2.24%	39
INC	Jagwinder Pal Singh Jagga	25,916	21.32%	Gurjeet Singh Aujla	16,505	15.90%	-5.42%	9
BJP	Pardeep Singh	1,625	1.34%	Taranjit Sandhu Samundri	8,056	7.76%	+6.42%	10
Total	All Candidates (Form-20)	121,532	100.0%	All Candidates (Form-20)	103,790	100.0%	-14.60%	187

3. Ground Booth Migration & 4x4 Transition Matrix

Out of 187 active polling stations evaluated in 2024, 116 booths were retained by the 2022 incumbent party, while 71 booths flipped. The detailed migration dynamics reveal:

- SAD Retained 115 booths, but lost 35 booths to AAP, 10 booths to BJP, and 9 booths to INC.
- AAP expanded from 17 booth wins in 2022 to 39 booth wins in 2024 (gaining 35 from SAD and 3 from INC).
- BJP broke through in 10 urban/peri-urban booths previously controlled by SAD.
- INC captured 9 rural booths from SAD.

4. 90-Day Tactical Ground Operations Strategy (Target 2027)

To consolidate AAP's 39-booth footprint and systematically dismantle the remaining SAD bastions, the campaign will execute a disciplined 90-day field deployment cycle:

- Phase 1 (Days 1–30): Cadre Audit & Cluster Leadership. Establish 12-member active youth units in all 39 won booths and designate 2 dedicated booth captains in the 54 vulnerable Akali deficit booths (margin < 100 votes).
- Phase 2 (Days 31–45): Direct Farmer & Panthic Dialogue. Conduct village-level grievance roundtables focusing on canal water tail-end delivery, uninterrupted agricultural power supply, and state welfare coverage.
- Phase 3 (Days 46–60): Civic & Urban Outreach. Neutralize BJP's gains in urban Majitha wards through merchant meetings, local infrastructure works, and small business support.
- Phase 4 (Days 61–75): Secondary Re-Engagement. Revisit swing households with verified resolution receipts of their grievances.
- Phase 5 (Days 76–90): Pre-Election Readiness & GOTV Simulation. Audit complete voter roll mappings and finalize booth mobilization committees.
